BUTTON MOULDS - WIRE EYES

D-Line Wire Eye Backs

Lip-Lok Wire Eye Backs

- Being the standard back in the furniture industry, the D-Line back performs superbly in most applications. The large #9 wire eye allows for easy threading.

- 106180 #22 D-Line Wire Eye Backs
- 106181 #30 D-Line Wire Eye Backs
- 106182 #36 D-Line Wire Eye Backs
- 106183 #45 D-Line Wire Eye Backs

- The combination of Lip-Lok dies and wire eyes provide an extra strong bond between shell and back by incorporating an internal bevel in the die to allow the shell to roll under the lip of the back.
